**PXC-Twinpack 2,5 Ah in CB**

**Item No.: 4511524**

Bar Code: 4006825656206

The 2x 18V 2.5 Ah PXC are rechargeable batteries which are designed for universal use in the entire PXC product family. A single rechargeable battery and a single charger for all tools saves significant costs of buying, and universal use also helps protect the environment and provides flexibility at the same time. TWIN-PACK technology provides prolonged working time + more power with 2x 18V batteries (=36V). The process-controlled active battery management system ABS ensures max. safety, optimum tool performance, max. operating time + max. service life. The high-quality battery resists the memory effect and self-discharge. There is a trough handle for easy removal from tools.

## Features & Benefits

- Universal usability for all Power X-Change rechargeable devices:
- Saving money, protecting the environment, and flexibility
- prolonged working time + more power with 2x 18V batteries
- The ABS process-controlled battery management system stands for
- max. safety, optimum performance, operating time + lifetime
- Freedom of cordless operation: No tangled cables and free working
- High-quality Li-Ion cells means no memory effect,
- low self-discharge and high, constant power
- Current charge level indicated by 3-stage LED display
- Trough handle for easy removal
- Housing protected against dust, corrosion and mechanical damage
- Suitable for TWIN-PACK use in power demanding 36V applications

## Technical Data

- |                       |          |
|-----------------------|----------|
| - Voltage             | 18 V     |
| - Battery capacity    | 2500 mAh |
| - Max. power          | 720 W    |
| - Amount of batteries | 2 Pieces |

## Logistic Data

- |                               |                   |
|-------------------------------|-------------------|
| - Product weight (kg)         | 0.4572            |
| - Gross weight (kg)           | 0.9854            |
