

Flymo SabreCut XT Cordless

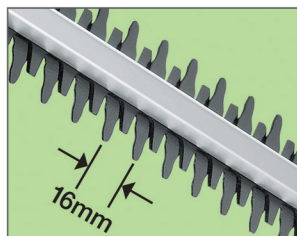

Powerful easy to use telescopic cordless hedge trimmer with tilted cutting head for added convenience.

Powerful easy to use telescopic cordless hedge trimmer with tilted cutting head for added convenience. The lightweight handle is telescopically adjustable. In this way, you can achieve a range of up to 3 meters – whilst standing safely on the ground. The tiltable cutting head makes it possible: both hedges and groundcover can be conveniently and easily cut.

Extendable

Extendable for greater cutting reach. Tilting head for cutting hedge tops.

Twin action blades

Twin action blades for a neater finish

Cordless freedom

Cordless freedom of movement

Telescopically adjustable

The lightweight handle is telescopically adjustable. In this way, you can achieve a range of up to 3 meters – whilst standing safely on the ground.
